

EVA SILVÁN MIRACLE (Board Member)

Eva Silván is a political scientist specializing in political analysis and public affairs from the University of Deusto.

She began her professional career in contexts of international crisis. She has worked in countries in Africa and Latin America. Her international career led her to work in the international organization Save the Children and to promote the opening of the Save the Children office in the Basque Country, an office she directed for more than 10 years. She has extensive experience in relations with governments and development of public policies, at the regional, state and European level. Knowledgeable about the political and regulatory gear. She has directed communication campaigns, political advocacy and has designed institutional relations strategies. She is the author of several studies and research.

In 2020 she founded her own Public Affairs consultancy, *SilvanMiracle*. Public Affairs Strategies, where they advise and accompany administrations, companies and organizations in their strategies of public influence.

Professor in different postgraduate courses of the University on governance and public policies (University of the Basque Country and University of Deusto). She also collaborates regularly with the media.
